

LENDERS

The following list consists of lenders/loan officers Gentry and Associates of Chartwell Realty, www.UrbanKCLiving.com and www.KCcondoSource.com, have worked with over the past decade who have provided exceptional service to our past client home buyers. Each of these lenders is well-versed in all types of residential mortgage purchase financing including single family homes, condos, lofts and townhomes in the states of MO & KS.

The first step in the home buying process is to get a preapproval letter. Please use this list to interview if you are interested in working with lenders who are experts in their fields and who have been vetted through many transactions. Always be sure you are obtaining a **PREAPPROVAL** letter and not a **PREQUALIFICATION** letter to make your purchase offer as strong as it can be when presented to the seller.
